

UTILITIES

Callahan Road provides access to the Columbia Hills Community, rising about 500 feet from the Columbia River Highway (US 30) two miles into the foothills overlooking the Columbia River Valley. Columbia Hills recently paved the western portion of the road. Interior roads will be built and paved to meet the county's standards.

Quality roads

Water is provided from wells. Treatment and storage facilities serve each homesite. A community-wide water system is planned.

Treated water

Electricity is provided by Columbia River Public Utilities District (CRPUD); Phone service is provided by the U.S. West Direct phone company. Natural gas is supplied by Northwest Natural Gas. All of these utilities are supplied to each homesite.

Electricity, phone and natural gas

Each homesite is certified for a septic system.

Septic Approved
